MICHIGAN'S West Shore Nursery Marketing Cooperative, Inc.
ZEELAND, MICHIGAN • PProspect 2-2126

Experienced growers . . .

Seedlings you receive are from pioneer growers from the very cradle of Michigan's finest Christmas Tree growing area--the famous western shore. All plants are raised in soil that has been scientifically prepared. The plants are exceptionally hardy, having been acclimated by the rigors of Michigan winters to withstand the low temperatures to which they may be exposed.

A combined capacity of 20,000,000 seedlings and transplants is available each year; those you receive are carefully graded and packed in polyethelene and peat moss to preserve their prime condition.

Seedlings and transplants will be sent the most
economical and safest way;
via Parcel Post,
Express or
Truck Freight,
unless otherwise specified by the customer.
